DETAILED ACTION

1. Applicants' Response to Office Action, received 2February2004, is acknowledged. Claims 44, 45, 54, 75, and 76 have been amended. Claims 71-73 have been cancelled.

Applicants argue that their response of 13January2003 was not addressed nor acknowledged on the record.

The current examiner apologizes for the lack of acknowledgement. Upon a review of the papers in the application, the examiner has found applicants' 13January2003 which had been stapled to another paper. The examiner has considered the response and maintains that the new restriction requirement, mailed 2October2003, remains in effect.

Applicant's election with traverse of Invention I, claims 44, 45, and 54-76 in Office Action, mailed 2October2003, Paper No. 18, is acknowledged. The traversal is on the grounds that all claims are linked by a single, searchable, unifying aspect, i.e., autoinducer molecules of *P. aeruginosa*. This is not found persuasive because of the reasons put forth in the requirement of 2October2003. In addition, while the searches may overlap, the searches are not coextensive, and the separate have been place into classes and subclasses.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 44-70 and 74-79 are pending. Claims 46-53 and 77-79 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected elected invention.
3. Claims 44, 45, 54-70, and 74-76 are under consideration.

Rejections Withdrawn/Moot

4. The rejection of claims 71-73 under 35 U.S.C. 112, second paragraph, as being indefinite, is moot in light of the cancelation of the claims.

Art Unit: 1645

5. The rejection of claims 44, 45, 54-70, and 74-76 under 35 U.S.C. 112, second paragraph, as being indefinite, is withdrawn in light of the amendment of the claims.
6. The rejection of claims 44, 45, 54-58, and 60-76 under 35 U.S.C. 112, first paragraph, scope of enablement for methods of selecting inhibitors or synergists of any/all other autoinducers of *P. aeruginosa*, is withdrawn in light of the amendment of the claims.

Conclusion

7. Claims 44, 45, 54-70, and 74-76 are allowable over the prior art of record.
8. This application is in condition for allowance except for the following formal matters:
Cancellation of nonelected claims 46-53 and 77-79.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
